BDX2250

Stop dreaming. Start streaming.

Enjoy amazing and affordable Blu-ray™ entertainment and streaming, too, with Toshiba's BDX2250 Blu-ray Disc™ Player.

Want the beauty of Blu-ray™—and streaming, too—without blowing your budget? Toshiba's BDX2250 Blu-ray Disc™ Player is ready, waiting and way-affordable. Plug it in, then sit back to watch your favorite movies in stunning native 1080p Full HD. And treat your ears to amazing surround sound, thanks to Dolby® True HD and DTS-HD®. You'll also see what sets Blu-ray™ apart with BD-Live™ 2.0, going online right from the movie to view filmmaker chats, deleted scenes, short clips and more. Plus, you will be able to view additional onscreen content thru Bonus View.* Take advantage of popular streaming services like Netflix®, CinemaNow®, YouTube®, VUDU®, Pandora®, Blockbuster® and Picasa®. And don't fret over building your home theater, because this player comes with USB and HDMI® w/CEC ports, and has a built-in Wi-Fi® LAN for clutter-free, in-home connectivity. So why wait? Get into Blu-ray™ and onto the Internet with the BDX2250 Blu-ray Disc™ Player from Toshiba.

Key Features:

Full HD 1080p/24 fps video output provides an amazing cinema experience in the comfort of your own home.

Built-in Wi-Fi® lets you enjoy convenient in-home connectivity without the cable clutter to stream content from your media server or the Internet.

BD-Live™ opens up a world of online features, with a convenient USB Memory for storing saved content.

Internet Connectivity makes access to online content from Netflix®, CinemaNow®, YouTube®, VUDU®, Pandora®, Blockbuster® and Picasa® possible. Streaming movies, showing off your digital photo albums, and listening to your favorite music can all be done with the BDX2250.

AVCHD® Playback for HD playback of your home movies.

HDMI® w/CEC Connectivity for easy setup to high-definition video and optimum video playback

*Bonus View content only available when provided from the Blu-ray Disc™

* While every effort has been made at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, system/component/options availability are all subject to change without notice.

¹ Playable Disc Type (Blu-ray™). This product does not play HD DVD discs. This product is designed to playback Blu-ray discs that comply with the 3D specifications of Blu-ray Disc™ Association. It is not compatible with other 3D specifications. Playable Disc Type (DVD Player/Recorder, TV). Some DVD-R/DVD-RW and CD-R/CD-RW discs may be incompatible due to laser pick up and disc design. CD-R/CD-RW discs must be recorded using CD-DA method for CD audio playback. This product may not support certain recordings due to differences in recording formats, disc structure, or condition of the disc (use of CD-RW for MP3 files is not recommended). See owner's manual for more information. ² Upconversion of Video (Blu-ray™). Up-converting DVD video content may result in a picture that appears to be near HD quality, results may vary depending on content, display and settings. Upconversion of Video (DVD). An HDTV or HD Monitor with an HDCP capable HDMI® or DVI input is required for video upconversion. To upconvert to 720p, 1080i, or 1080p resolution, a 720p, 1080i, or 1080p capable HDTV or HD Monitor (as applicable) is required. ³ JPEG Viewer. Some DVD-R/DVD-RW and CD-R/CD-RW discs may be incompatible due to laser pick up and disc design. CD-R/CD-RW discs must be recorded using CD-DA method for CD audio playback. This product may not support certain recordings due to differences in recording formats, disc structure, or condition of the disc (use of CD-RW for MP3 files is not recommended). See owner's manual for more information. ⁴ BD Live™ requires connection of a USB drive of at least 1 GB (sold separately) to USB port. For models without built-in Wi-Fi®, BD Live™ is only supported via Ethernet so when using single USB port for internet access, BD Live will not be available. Performance of interactive features may vary due to disc design or content, and may also require an always-on broadband internet connection. Firmware update may be required for some interactive features. Some features may require additional bandwidth. Internet services are available only in the United States. ⁵ Wi-Fi Ready™. Third party internet services are not provided by Toshiba, may change or be discontinued at any time and may be subject to internet service provider restrictions. Toshiba makes no warranties, representations, or assurances about the content, availability or functionality of third-party content or services. Use of third party internet services may require the creation of a separate account through a computer with internet access and payment of one-time and/or recurring charges and membership. Not all third party services may be available on or compatible with this product. In order to experience the full suggested capabilities of this product, fully-compatible devices may be required. ⁶ Streaming Services. Third party internet services are not provided by Toshiba, may change or be discontinued at any time and may be subject to internet service provider restrictions. Toshiba makes no warranties, representations, or assurances about the content, availability or functionality of third-party content or services. Use of third party internet services may require the creation of a separate account through a computer with internet access and payment of one-time and/or recurring charges and membership. Not all third party services may be available on or compatible with this product. In order to experience the full suggested capabilities of this product, fully-compatible devices may be required. ⁷ HDMI®-CEC. Use of HDMI®-CEC requires an HDMI®-CEC compatible display/peripheral device. Depending on the specifications of your device, some or all HDMI®-CEC functions may not work even if your display/peripheral device is HDMI®-CEC compatible.
