

SBX5065

SoundStrip® Audio Speaker System

TOSHIBA
Leading Innovation >>>

**BIG SOUND
FOR THE
BIG SCREEN.**

Seeking an expanded speaker system that goes the distance with your big-screen HDTV? Meet the SBX5065 SoundStrip®—an expanded sound bar to match today's larger screen HDTVs measuring 50" and larger.

With exceptionally rich, powerful performance and dynamic audio, the SBX5065 SoundStrip® is a smart, simple way to complement your home theater, elevating audio to match the stunning quality of your HDTV.

It's full featured with 300 watts of total power, a wireless subwoofer for movie-theater-like booming bass, and SRS TruSurround HD and TruBass® for virtual surround and deep rich audio. HDMI® connectivity makes for easy setup and Bluetooth® Audio technology offers wireless audio playback from your Bluetooth®-enabled smart phone, as well as your Toshiba TVs, PCs and Tablets. With its NFC feature, effortless pairing makes your Bluetooth® setup a snap.

Thanks to a modern, stylish design, the SBX5065 SoundStrip® is ready to fulfill the promise of delivering today's big entertainment for today's big screens.
