

FS4000GLB

High Performance On-Wall Flat Screen Speaker

Three front-channel theater speakers in one-space-saving enclosure

This sleek, 40"-long unit contains all three front speakers-left, center, and right-in a single enclosure. It's perfect for the growing number of customers who just want a simple, attractive, one-piece speaker solution under their flat-screen television, without all the visual clutter of separate left, center, and right speakers surrounding their stylish, thin TV.

Feature List

- Mounts on wall or on table top for neat, uncluttered appearance
- Same Atlantic sound quality as our separate speaker models
- Acoustic optimization controls adapt to any room
- Includes all wall-mounting hardware
- Gloss Black finish
