

# 1400CGLB System 1400 Compact High Performance Home

**Theater System--includes industry-first "Height" speakers**

## The ideal speaker system for smaller home theaters

The System 1400 utilizes sophisticated mid-woofers and Atlantic's exclusive Low Resonance Tweeter™ to produce exciting, articulate, realistic sound, very much in the tradition of our award-winning \$10,000 System 8200e.

The 1400 SR-z surround speakers are not only great compact surrounds, they're also the first speakers developed by anyone to be used with the new Dolby PL-IIz Height algorithm. Their small size and shallow mounting depth makes them the perfect speakers to mount in height applications.

All the components of the System 1400 deliver sound that's totally unexpected for this size product, with unprecedented mounting and placement flexibility.

## Feature List

- 2-way left-right speakers are stand, shelf, or wall mountable
- Center channel speaker has acoustic optimization controls
- Suggested subwoofer: 180-watt 10" 224 SB
- Satin Black or Gloss Black finish (1400 C, SR-z Satin Black only)

## Specifications

<b>Model</b>	<b>1400 C</b>
<b>Type</b>	Sealed-box, 2-way M-T-M array
<b>Drivers</b>	
Woofer	(2) 4" GLH§
Tweeter	(1) 1" Low Resonance Tweeter
