Game enhancement with more realistic sound

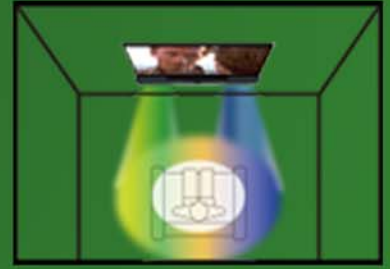

Table Top Placement

Mounted To The Wall

All-in-One Home Theater System

AcoustaBar eHT All-in-One Home Theater System, built on SRS™ 3D technology, features 6 drivers, including dual sub-woofers, delivering up to 90 watts of total power to bring the listening experience of a movie theater to your home. Dialogue clarity is also improved, and the sound field is dramatically expanded both horizontally and vertically.

Equalizer

The equalizer of the AcoustaBar eHT speaker is a perfect way to tailor the personal taste of the music and tonal experience. AcoustaBar eHT system includes 8 equalizations, such as *DISCO, BLUES, PURE, POP, CLASSIC, ROCK, JAZZ* and *FLAT*(no equalization)

Subwoofer

AcoustaBar eHT All-in-One Home Theater System is equipped with our patented high efficient transmission line acoustics to enhance low frequency performance naturally. Powerful and impressive bass can be delivered throughout the listening space effortlessly.

Simple Connection

AcoustaBar eHT system requires just a left and right audio connection, or a single digital S/PDIF connection, and AC power supply.

Hardware include

Remote control

RCA to RCA cable

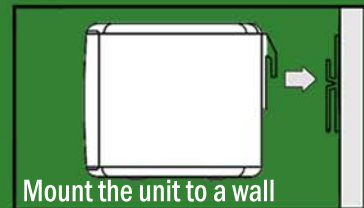

Power adapter

RCA to 3.5mm cable

Power cord

Mount the unit to a wall

wall mount
