All in One Z5

The Acer Z5 Series all-in-one PCs feature intuitive 23" Full HD touchscreens¹ that light up your digital life with an exciting new look and feel. The Acer TouchPortal provides a smarter way to access your PC and the Internet, and gives you cool, hands-on control of today's latest HD multimedia and social networking. Plus, premium PC performance lets you use all your favorite apps at the same time -- multitask with multi-touch!

Modern minimalist design

This all-in-one PC fits nicely in any room, and the subtle color scheme matches smoothly with modern home décor. Cool lighting effects with four brightness settings suit varying moods and illuminate the keyboard with a comforting glow. The backstand features a simple yet stylish beveled design.

Intuitive touch experience¹

The Acer TouchPortal synchronizes your life, your PC, and the Internet. Switch between applications with quick, fingertip control and experience a faster, smarter way to access useful information, entertainment, and social networking. Applications include TouchPhoto, TouchVideo, TouchMusic, TouchBrowser, and TouchCam.

Turbo-charged multitasking

A powerful processor enhances multitasking. Use all your favorite apps simultaneously. Download all the multimedia you want and store it on the massive 1.5 TB¹ hard drive. Conveniently share files with friends using the multi-in-1 card reader.

High-definition fun

Top-quality visual and audio components add to your entertainment in a big way. With a Full HD 16:9 display, powerful HD graphics, and a Blu-ray Disc™ optical drive (optional), your favorite Blu-ray movies, graphics-intensive applications, gaming, Internet surfing, and digital TV (optional) are ultra-sharp.
