Windows® 7

lenovo® ENHANCED EXPERIENCE 2.0

SAVES SPACE, AND COST.

Fun is an affordable PC that provides entertainment for the whole family.

It's half the size of a standard desktop, and yet the space-saving Lenovo® H330 is fully loaded with fun features. Whether it's gaming, video playback and homework, or editing photo albums and keeping the family finances in order, there's something for everyone at home. There are many thoughtful features too. The Lenovo Dynamic Brightness looks after your eyes, by automatically adjusting screen brightness based on ambient light conditions. The Lenovo Eye Distance System alerts you if you lean too close to the screen. And the Lenovo Rescue System makes data backup and recovery quick and easy. The H330 features up to Intel® Core™ i7 processors with Intel® Turbo Boost Technology 2.0. And Lenovo Enhanced Experience 2.0 for Windows® 7 with RapidBoot technology ensures that this PC starts up to 20 seconds faster than a typical Windows® 7 computer. So whatever be your idea of fun, the Lenovo H330 will bring it to life.

Lenovo H330

What's your idea of fun?

HD GRAPHICS AND DDR3 MEMORY

LENOVO® DYNAMIC BRIGHTNESS

LENOVO® RESCUE SYSTEM

LENOVO® EYE DISTANCE SYSTEM
