INVEST TODAY.
GROW TOMORROW.

Windows®. Life without Walls™. HP recommends Windows 7.

HP Pro 3000 Business PC

Designed to be flexible enough to meet your needs today and grow with you tomorrow

Realize your potential with the HP Pro 3000 Business Desktop PC. Powerful enough to handle your everyday small business needs today, with enough flexibility built-in to allow you to keep an eye towards the future. Get out-of-the-box productivity and flexibility in a modern look and feel today.

Flexibility comes standard
Your business needs evolve as your small business grows. You don't know exactly what you will need in future. With that in mind, the HP Pro 3000 is designed to evolve with you. Available ports, slots, and bays allow you to configure your PC to meet your needs today, and then expand your capabilities when the time is right.

Out-of-the-box productivity
This PC is ready to go when you are with proven Intel® processors and chipset, a genuine Windows® 7* operating system, dual monitor support, a variety of optical drives, up to 8 GB DDR3 SRAM memory, and RAID support (Microtower only). You get a PC equipped to make an impact right out of the box with a range of ports, slots, and bays to help you make the most of your new PC.

The choice is yours
Get a PC that's a perfect fit for your small business environment with two available form factors designed for the way you work. Choose a space-saving Small Form Factor PC or the highly expandable Microtower PC to provide headroom for your future needs.

Do more with pre-qualified options
Build your potential with pre-qualified options like the 22-in-1 Media Card Reader, a second hard drive to utilize the RAID data mirroring capabilities (Microtower only), a SuperMulti LightScribe DVD Writer Drive so you can burn labels directly onto LightScribe disks, or a Blu-ray Writer Drive for even more disc storage potential.

Built to last
With innovative engineering and more than 130,000 hours of testing, you know you're getting a reliable and durable desktop that can go the distance.

Plus, the HP Pro 3000 offers service and support options, so you can spend your time focusing on what's most important—your business.

HP Pro 3000 Business PC

Windows®. Life without Walls™. HP recommends Windows 7.

Form Factor	Microtower	Small Form Factor
Operating System	**Pre-installed** Genuine Windows® 7 Home Basic 32* Genuine Windows® 7 Home Premium 32* Genuine Windows® 7 Professional 32* Genuine Windows® 7 Professional 64* Windows® XP Professional (available through downgrade rights from Genuine Windows 7 Professional)*,** Genuine Windows® Vista Business 32*** Novell SUSE Linux Enterprise Desktop 11 FreeDOS	
Chipset	Intel® G45 Express	
Processors[1]	Intel® Celeron, Intel® Pentium, Intel® Core™ 2 Duo, Intel® Core™ 2 Quad	
Graphics	Integrated Intel® Graphics Media Accelerator 4500	
Memory support	Four (4) DIMM slots Up to 8GB PC-3-10600 (1333MHz) DDR3 SDRAM Memory (4 X 2 GB) Note: Up to 1 GB may not be available with 32-bit operating systems due to system resource requirements. Dual Channel is only supported when the system is configured with DDR3 symmetric memory (i.e. 2 x2GB). For systems configured with more than 3 GB of memory and a 32-bit operating system, all memory may not be available due to system resource requirements. Addressing memory above 4 GB requires a 64-bit operating system.	
Hard drive[2]	160 GB to 500 GB SATA 3.0Gb/s hard drives (7200 rpm)

Dimensions	Chassis: 385 x 185 x 416 mm 15.14 x 7.27 x 6.36 in	Chassis: 101 x 339 x 387 mm 3.98 x 13.35 x 15.24 in
Power	300W ATX Power Supply 85% energy efficient power supply (optional)	250W ATX Power Supply
Limited warranty and services	1-year limited warranty, terms and conditions may vary by country and region; other HP Care Pack Services[6] available, see http://www.hp.com/go/lookuptool	

*Offered upon general availability from Microsoft. System may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See http://www.microsoft.com/windows/windows-7/ for details. **Windows 7 Professional disk may also be included for future upgrade if desired. To qualify for this downgrade an end user must be a business (including governmental or educational institutions) and is expected to order annually at least 25 customer systems with the same custom image. ***Certain Windows Vista product features require advanced or additional hardware. See www.microsoft.com/windowsvista/getready/hardwarereqs.mspx and www.microsoft.com/windowsvista/getready/capable.mspx for details. Windows Vista Upgrade Advisor can help you determine which features of Windows Vista will run on your computer. To download the tool, visit www.windowsvista.com/upgradeadvisor. **1**. 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Dual Core is designed to improve performance of certain software products. Not all customers will necessarily benefit from the use of this technology. Intel's numbering is not a measurement of higher performance. **2**. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 8GB (for XP and XP Pro), up to 10 GB (for Vista), and up to 16 GB (for Windows 7) of disk space is reserved for the system recovery software. **3**. Optional feature sold separately or as an add on feature. **4**. Don't copy copyright-protected materials. Actual speeds may vary. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 Double Sided-Version 1.0 Media. LightScribe creates a monochrome image. LightScribe media required and sold separately. **5**. Blu-Ray is a new format containing new technologies; certain disc, digital connection, compatibility and/or performance issues may arise, and do not constitute defects in the product. Flawless playback on all systems is not guaranteed. In order for some Blu-ray titles to play, they may require a DVI or HDMI digital connection and your display may require HDCP support. HD-DVD movies cannot be played on this Desktop PC. Don't copy copyright-protected materials. **6**. Service levels and response times for HP Care Packs may vary depending on your geographic location. Restrictions and limitations apply. Service starts at date of hardware purchase. For details, visit www.hp.com/go/carepack.
