

HP Compaq 8200 Elite Microtower PC

Manage better. Control More.

An elite, performance enhanced PC designed for business. Includes new levels of performance and efficiency in a stable, reliable business PC platform.

HP recommends Windows® 7.

Elite: THE business platform

The HP Compaq 8200 Elite Series incorporates the newest developments in business PC technology for corporate applications. The Elite Series delivers the features and capabilities businesses look for in a business PC, including stability and lifecycle assurance, security and remote management technologies and solutions that are integral to IT managers.

Superior business PC technology

You'll find the latest innovations combined with HP's engineering excellence and new BIOS designs make the HP Compaq 8200 Elite Series the right choice for you today and tomorrow. HP's elite business PC delivers up to 40 percent better performance ¹ and 15 percent faster hard drive access ¹. A range of graphics solutions -- including a new discrete graphics option on the Ultra-slim Desktop -- are available, offering up to 70 percent better graphics performance ¹. Featuring Intel® 2nd Generation Core™ processors which provide hardware-based remote management technologies that enable a stable, secure and reliable IT infrastructure.; The included HP ProtectTools™ Security Suite ² helps provide protection for your PCs and verifies they do not become points of vulnerability. HP ProtectTools™ allows you to adopt only the modules that meet your security needs.

Efficiency and the environment

HP has designed this product with materials free of brominated flame retardants ³ (BFRs) and polyvinyl chloride ³ (PVC) to support your environmental initiatives. Reduce your impact on the environment and help lower operating costs with ENERGY STAR® qualified models certified as EPEAT® Gold. Easily optimize the PC's power settings with HP's exclusive Power Assistant ⁴ application. You're in control with HP Elite Series' energy efficient options. With HP's expertise in PC design and architecture, the result is our highest performing and most efficient line of business PCs to date with up to 50% greater energy efficiency.⁵

Stable, useful design

The HP Elite Series is capable of being deployed in just about any business or institutional situation. Choose the Ultra-Slim Desktop with flexible mounting options, Small Form Factor, Microtower, or Convertible Minitower for the most expansion flexibility. Keeping the needs of businesses in mind, line in and line out ports and USB ports are up front for convenience and you have the option to connect dual external monitors via VGA and DisplayPort connectors to help you work more productively. A cornerstone of HP business class PCs is a long product lifecycle. When your deployments are scheduled over a lengthy period of time it's good to know you'll be able to get the same chassis over multiple deployments. Plan for a minimum of 15 months availability for the HP Compaq 8200 Elite Series.
