SPORTS, FAST-ACTION & ENTERTAINMENT

If you want entertainment so life like you feel like you can reach out and touch it, or a picture so vibrant and clear that you'll forget you're watching TV, then you want the PN5300 1080p Plasma TV from LG.

FULL HD 1080P RESOLUTION

This stunning picture is the reason you wanted HDTV in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard HDTV. You'll see details and colors like never before.

600HZ MAX SUB-FIELD DRIVING

Capture every moment. Tired of streaky action or unclear plays during the game? See sports, fast action and video games in Full HD like never before. The 600Hz technology virtually eliminates motion blur.

PICTURE WIZARD II

Get easy self-calibration with on-screen reference points for key picture quality elements such as black level, color, tint, sharpness and backlight levels. Take the guesswork out of picture adjustments with this simple-to-use feature.
