

LF6000 Series

1080p LED TV

50"

55"

* Class size: See below for details.

KEY FEATURES

1080p Full HD (1920 x 1080)

TruMotion 120Hz

2 HDMI

ENERGY STAR® Qualified

PRODUCT HIGHLIGHTS

LED

One of the secrets behind LG TVs' outstanding UHD performance is the specially designed display panel. IPS 4K delivers true colors that remain more consistent at wide viewing angles, with four times the resolution of Full HD. With IPS 4K, any seat can be the best in the house.

Triple XD Engine

LG's exceptional picture quality is further enhanced by the Triple XD Engine, which processes images with even greater precision. The latest Triple XD Engine enables more natural color expression, deeper contrast and more refined motion so that viewers can enjoy a more lifelike picture.

Virtual Sound

Whatever you're watching, LG's Virtual Surround mode enhances the experience, delivering an expansive sound field so the action seems to come from all around you.

PRODUCT FEATURES
