40UX600U

The UX600 series is a high quality LED TV line that is both simple and fun! We have packed amazing LED picture quality with deep blacks, robust Internet capability, and a long list of key Toshiba technologies, into our beautiful, Thin Air Lagoon™ design. In addition, the included Wi-Fi® Adapter makes it a total pleasure from day one.

Net TV™

Net TV™ includes a wide variety of applications that enrich the overall TV experience. VUDU™ Movies provides true 1080p HD, 5.1 surround sound and over 3,000 HD movies on demand. Audio applications such as Pandora® provide personalized “Channels” of the music you like. Social Networking applications including Facebook® and Twitter® allow you to keep in touch, while watching TV. Photo applications such as Flickr® and Picasa™ Web Albums let you share your pictures with friends and family wherever they live. News services such as the New York Times®, AP, National Weather, and more, provide up to the minute information about the world around you. And, the customizable “Ticker” available at the bottom of the screen allows you to keep up to date with information from Twitter®, News, Weather, or Stocks, automatically.

LED TV is part of the Toshiba LCD TV line.

¹Some features may require an always-on broadband internet connection, firmware update and/or additional bandwidth. Internet services available only in the United States. Third party internet services are not provided by Toshiba, may change or be discontinued at any time and may be subject to third party restrictions. Toshiba makes no representations or warranties about these services, which may require the creation of a user account through a computer with internet access and one-time or recurring charges. Some recordable media, cards or files may not be supported.

²Use of REGZA-LINK® which is a feature based on HDMI®-CEC requires an HDMI®-CEC compatible peripheral device. Depending on the specifications of your device, some or all REGZA-LINK® functions may not work even if your device is HDMI®-CEC compatible.

³Requires content created in 24 frames/second.

⁴In some cases, the universal remote may not operate additional devices or certain features of such devices, in which case, it is suggested that you use the original remote control for the applicable device.

⁵If you decide to wall mount your Toshiba television, always use a UL Listed wall bracket appropriate for the size and weight of the television.
