EXPERIENCE FABULOUS SIGHTS, SOUNDS AND SAVINGS

More for your money

Think you need to break your budget to enjoy blockbuster HD entertainment? Not with Toshiba's 65" class LCDs HDTV. With a design that looks great in any living room, family room or home theater, you'll get more memorable entertainment for you money.

1080p Full HD for True Home Theater Quality

Full HD² provides more pixel resolution than standard HD for incredible image clarity.

ClearFrame™ 120Hz for Clear, Fast Motion

Doubles the normal frame rate to help eliminate motion blur for clearer fast-action sports, action movies and more.

DynaLight® for a better picture

Adding intensity to blacks and selectively reducing the intensity of highlight areas gives the picture a more balanced, true-to-life appearance.

Multiple HD Inputs

Full connectivity with three HDMI^{®3} HD Inputs and an HD PC Input, so the TV can also be used as a PC monitor. (Great for PC gaming!)

1080P FULL HD

Top HD picture quality with 1080p Full HD² resolution.

CF120Hz
ClearFrame™

Reduces blurring caused by high-speed video and improves picture clarity without impacting brightness or adding flicker.

DYNALIGHT 

Dynamic backlight control for deeper blacks and more detail.

PC HIGH DEFINITION INPUT

Easily connect your PC to your TV for the big screen experience.

USB MEDIA 

Easily connect to your favorite tunes and photos, create slideshows, or listen to your personal playlists with this feature.

HDMI[®] X3
HIGH-DEFINITION MULTIMEDIA INTERFACE

Easily connect to high-definition video and amazingly immersive surround sound in one cable.

1. While every effort has been made at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, system/component/options availability are subject to change without notice. 2. 1080p/24 fps encoded content and an HD display capable of accepting a 1080p/24Hz signal required for viewing 1080p/24 fps content. 3. Use of HDMI[®]-CEC requires an HDMI[®]-CEC compatible display/peripheral device. Depending on the specifications of your device, some or all HDMI[®]-CEC functions may not work even if your display/peripheral device is HDMI[®]-CEC compatible. 4. If you decide to wall mount your Toshiba television, always use a UL Listed wall bracket appropriate for the size and weight of the television. Care should be taken to place or install the display where it cannot be pushed, pulled over, or knocked down.
