65L9400U
65" class Ultra HD 4K TV

CINEMA SERIES®

Updated Version

Short Product Summary & Top 10 Features

The L9400U Cinema Series Ultra HD 4K TV with four times the resolution of 1080p Full HD, combines the new Radiance 4K Full Array LED panel with Toshiba's own SuperBright LEDs, and latest Third Generation CQ 4K Engine to deliver Ultra HD images that are brighter, deeper and more colorful than ever before. ClearScan 240Hz technology creates clear, smooth motion video, perfect to catch all the fast action in sports. And with Toshiba's powerful 4K upscaling, watch your HD content in Ultra HD 4K quality. Discover the ultimate viewing experience every time you watch TV with the 65" class L9400U Ultra HD 4K TV from Toshiba.

1. While every effort has been made at the time of publication to ensure the accuracy of the information provided herein, product specifications, configurations, system/component/options availability are subject to change without notice. 2. 1080p/24 fps encoded content and an HD display capable of accepting a 1080p/24Hz signal required for viewing 1080p/24 fps content. 3. Use of HDMI@-CEC requires an HDMI@-CEC compatible display/peripheral device. Depending on the specifications of your device, some or all HDMI@-CEC functions may not work even if your display/peripheral device is HDMI@-CEC compatible. 4. If you decide to wall mount your Toshiba television, always use a UL Listed wall bracket appropriate for the size and weight of the television. Care should be taken to place or install the display where it cannot be pushed, pulled over, or knocked down.
