Product Description

The Logitech Ultrathin Keyboard Folio for the Samsung Galaxy Tab 4 10.1 is a protective keyboard case that delivers a familiar, fast and accurate tablet-typing experience. It features a Bluetooth® keyboard with well-spaced keys and a row of Android™ shortcut keys. The case's dual-view stand allows you to put your tablet in that just-right position, whether you're typing, reading or watching a movie. Precision engineered with water-repellant and durable materials, the Logitech Ultrathin Keyboard Folio for the Samsung Galaxy Tab 4 10.1 protects the front and back of your tablet from accidental bumps, scratches and spills.

Key Features

- **Great typing:** The built-in Bluetooth keyboard with well-spaced keys and Android shortcut keys makes typing familiar, fast and accurate.
- **Slim design:** The keyboard is precision engineered to be exceptionally slim, complementing the look of the Samsung Galaxy Tab 4 10.1.
- **Essential Protection System (E.P.S.):** The case is designed with durable and water-repellant materials to protect the front and back of your tablet from accidental bumps, scratches and spills.
- **Dual-view stand:** The dual-view stand caters to the many activities performed on your Samsung Galaxy Tab 4 10.1: upright for typing or flat with the keyboard hidden for comfortable browsing.
- **SecureLock system:** Corner clips keep the Samsung Galaxy Tab 4 10.1 firmly secured, yet it's easy to insert and easy to remove.
- **Long battery life:** You get up to three months of battery life on a full charge*, and recharging the keyboard is easy using the included USB cable.
