- PF12.1 fits standard notebook computers with a 12.1" viewable screen
- Actual filter dimensions are 7.32" high x 9.74" wide
- This filter is designed for non-widescreen laptop computers with screens that appear more square than rectangular and have a 4 x 3 aspect ratio
- Notebook privacy filters keep confidential and private information private
- Utilizes 3M's microlouver privacy technology so only persons directly in front of the monitor can see the image on screen
- Passersby see only a dark screen
- Reversible for either glossy or matte screen finish
- Reduces reflections when used with the matte side facing you
- Protects fragile LCD screens from scratches and fingerprints
- New easy on easy off attachment system
- Filter stays in place even when notebook computer is closed
- One year warranty from date of purchase

3M ID: 98 - 0440 - 0656 - 1
