ASUS G750JM-DS71 17.3' Laptop Computer, Intel Core i7-4700HQ, 12GB Memory, 1TB Hard Drive : #Gorgeous gaming power G750 is even slimmer and more gamer-centric than previous G Series notebooks, which is saying a lot. The eye-catching design draws inspiration from stealth fighters, presenting an ergonomically-inclined surface for greater comfort during long gaming sessions. The screen offers wide viewing angles and supports NVIDIA 3D Vision technology for action in the third dimension. An HD camera and range of exclusive accessories complete your gaming experiences for more thrills at home and away. Optimum Game Control With G750 no corners are cut as we make sure it augments your experiences. Its premium gaming keyboard arrives with sensitive response and durable keys that can take the pressure. Typing and controlling games is easy and comfortable, and the keyboard is stylishly backlit to look great and remain fully usable even in the dark. It's also a seamless keyboard built using one-piece construction for better strength, and offers highly tactile scissor-feet touchpad buttons to offer improved response and longevity.
