For superb sound, rugged durability and comfort, you can't beat Altec Lansing headphones. Just plug them in to your portable stereo, CD or MP3 player and other audio devices for vivid stereo sound—no matter where work or play takes you. With three styles to choose from, you can get the headphones that fit your lifestyle. And when it comes to comfort, these headphones are second to none—so you can wear them every day.

Just listen to this!™

**STEREO •
EARPHONES**

- High quality audio reproduction.
- 15mm high power neodymium drivers deliver full, rich sound.
- Compact design for comfort and easy portability.
- Protective winding case for ultimate convenience.

model
AHP-112

**STEREO • BEHIND-THE-NECK •
HEADPHONES**

- High quality audio reproduction.
- Discreet, contoured, behind-the-neck design doesn't mess up your hair.
- 32mm neodymium drivers deliver full, rich sound.
- Handy volume control regulates audio level.
- Soft-foam ear pads provide long-wearing comfort.

Precautions: Prolonged use at high volume levels may have some impact on hearing.

Use extreme caution in situations where important ambient sounds may be blocked (i.e. walking or cycling in traffic, crossing the street).

Note that wearing headphones while driving is illegal in some states.
