25-CHARACTER DESCRIPTION:

4-Port USB Charging Station

50-WORD DESCRIPTION:

Charge your entire family's mobile devices all at once with Antec's 4-Port USB Charging Station. Equipped with two 1A and two 2A USB charging ports, you can recharge up to two Smartphones like the iPhone® and two Tablets like the iPad® simultaneously.

100-WORD DESCRIPTION:

Tired of only being able to charge one mobile device at a time? Then you need Antec's 4-Port USB Charging Station. With the 4-Port USB Charging Station's dual 1A and dual 2A USB charging ports, you can charge up to two Smartphones like the iPhone® and two Tablets like the iPad® simultaneously and quickly after plugging the charger in to a single power outlet. Furthermore, the 4-Port USB Charging Station's slim form factor allows it to fit easily into pockets or purses making it ideal for traveling as well as for the home or office. Don't charge your devices individually, charge them all at once with Antec's 4-Port USB Charging Station.

150-WORD DESCRIPTION:

Tired of only being able to charge one mobile device at a time? Then you need Antec's 4-Port USB Charging Station. With the 4-Port USB Charging Station's dual 1A and dual 2A USB charging ports, you can easily charge up to two Smartphones like the iPhone® and two Tablets like the iPad® all at the same time. Simply connect the 4-Port USB Charging Station into a single power outlet, plug in your mobile devices into the appropriate slots and the 4-Port USB Charging Station will quickly charge all of them at once. Furthermore, the 4-Port USB Charging Station is designed to protect all your devices from dangers such as over currents, short circuits and more. Don't just limit the 4-Port USB Charging Station to the home or office though; thanks to its slim form factor, you can easily fit the charger into your pocket or purse making it perfect for traveling. Don't charge your devices individually, charge them all at once with Antec's 4-Port USB Charging Station.
