

Ultra-Slim wall mount | Tilt

TH-3060-LPT

Suits mounting hole patterns
200-800mm (8-31.5") W x
100-500mm (4-20") H

Flexible wall mount

Suits displays from
8kg to 50kg (17.6-110lbs)

Detachable mounting
head

User adjustable tilt
with spring loading

Latched Quick
Attachment system

User adjustable
horizontal position

This mounting solution is designed to suit the latest range of ultra-sleek flat screens. It features a minimalist profile with a toughened steel construction and quality finish. It can be installed on walls in a variety of environments and is easy to set up. A latching system allows for quick display attachment and simple removal. Once the display is attached to the wall the horizontal position can be adjusted while an innovative extend and tilt mechanism allows for easy cabling and effortless viewing adjustment.

Product key features:

- Suits flat screen displays from 8kg to 50kg (17.6lbs-110lbs)
- Supports displays with mounting patterns from 200x100mm up to 800x500mm
- Sleek ultra-thin profile projects just 25mm (1") when the display is flush with the wall
- Allows for horizontal positional adjustment of the display post-installation
- Enables up to 15° of forward tilt adjustment* with spring loading for easy movement
- Bottom edge extends 100mm to enable easy cabling and display function operation
- Features a latched quick attachment system for easy display mounting and removal
- Designed for attachment to timber stud and masonry walls
- Supplied with mounting hardware and installation guide
