

Professional mounting solutions for the home and office

Focus | Dual desk monitor arm VF-AT-D

The Visidec Focus VF-AT-D can revolutionize a work environment with reduced clutter and enhanced ergonomics. It supports two flat screens in an elevated position to free up desk space, increase operational flexibility, reduce neck and eye strain. Cabling is managed to improve presentation and reduce clutter while enhanced position adjustment aids productivity each display independently adjustable for tilt, pan, and portrait/landscape orientation. Position and orientation are adjustable with fingertip control while the height can be adjusted through a simple twist and lock mechanism. The can be upgraded with additional display and notebook arms if required for a truly integrated work solution.
