Endless Summer - 20" LP Gas Outdoor Portable Fire Place Column

The flickering flame of a gas light has long been admired for its warmth and beauty. Add ambiance and luxurious style to your outdoor living space with this Endless Summer® fire column, by Blue Rhino®. With its fine architectural detailing, this 30,000 BTU fire pit features an architectural base that stylishly conceals a propane tank (not included), making it an attractive centerpiece for your backyard. Adding to its elegance, black fire glass is included, which beautifully accents its the flames. Lighting this fire column couldn't be easier with its integrated electronic ignition. Immediate warmth and ambiance with a simple push of a button.

Fire Column Includes:

- Hidden control panel with push button ignition
- Includes Black Fire Glass
- Includes cover
- Owners Manual
- LP tank not included
