Wi-DDCB

(1) USB - DC cable  
(1) USB - Wall outlet plug  
For USB or Electrical power

for Wii™

Charges Remotes with  
Wii MotionPlus connected

Can charge with...  
just the  
Wii Remotes  
connected

both the  
Wii MotionPlus  
adapters connected

one Wii  
MotionPlus  
adapter connected

Recharge two Wii Remotes simultaneously with the Dual Charger Station from CTA Digital. This charge station contains a two-space cradle that allows you to charge and rest two remotes, with or without Wii MotionPlus adapters connected, in an upright position. Also included are two sets of rechargeable 1800 mAh batteries, which are enclosed in a mold that you can attach to the back of your Wii Remote™. The Dual Charger Station is powered by a USB cable that attaches from the AC adaptor connection (located on the back of the device) to a USB port on the Wii Console or on a computer.

## Features:
