

The Dell Mobile Projector M900HD

Collaborate on-the-go

Get the wireless performance, portability, device control and reliability that you're accustomed to, only this time in your projector. Featuring the latest Intel® Wireless Display (Intel® WiDi) + Miracast technology¹, you'll be able to use a wide variety of devices with the Dell Mobile Projector - M900HD in almost any space, without compatibility or performance worries.

Ready to go wherever you go...

With its compact build and bright projection, this powerful projector provides mobile professionals with a wireless², mobile projector that uses the latest Intel® WiDi + Miracast technology to create a portable, easily-managed collaboration solution in virtually any space — from a conference room to a class room and nearly anywhere in between.

... with the features you want

- Wirelessly² connect to virtually any device or laptop using Intel® WiDi + Miracast or standard wireless capabilities² to use the M900HD with different operating system and platforms, without the hassle of worrying about compatible audio and video cables.
- Connect select mobile devices³ such as iPhone/ iPad/ Android phone or tablet wirelessly with the M900HD and project photos, Microsoft Office files or PDFs files using the WiFi-Doc app available for download from App Store or Google Play.
- PC-free presentation enables you to project without a PC. You can store content directly on the projector's 2GB internal flash memory⁴, on an SD card or a USB flash drive for instant viewing directly from the projector.
- HDMI input allows for projection from a variety of high-definition digital media players, including DVRs, DVD players, Blu-ray players, and gaming consoles.
- High mobility doesn't just mean you can take the projector on the road — it also enables your business to have one projector for different rooms and multiple employees, lightening the load on your IT budget and cost per employee.
- 1280x800 (WXGA) native resolution, support for up to 1080p HD, and built-in speaker make the M900HD a great choice for mobile projection of video, presentation, and a variety of media.
- Up to 30,000⁵ hours of LED life in Normal Mode or Eco-Mode gives you and your business the durability and reliability you demand from your IT products and helps cut down on maintenance costs.

Worry less

To help protect your technology investment, the Dell M900HD can be secured with a password, and includes a security cable slot (security cable not included). Get peace of mind with Dell's warranty and service, including a Limited Hardware Warranty⁶. The Dell 1-year Advanced Exchange Service⁷ can provide world-class service and support, with telephone technical support and 24/7 online technical support⁸, should you need it. Optional Advanced Exchange Service⁷ extension for years 2 to 3 and optional Accidental Damage Service⁹ for up to 3 years (US only) are also available.
