- Quick Start Guide

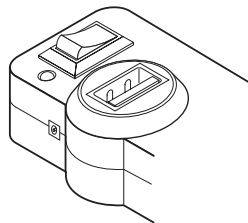

1

Plug the USB cable into an available USB port on the computer. USB ports are identified as .

2

Press the I/O switch to the "I" (ON) position. A green light will illuminate, indicating the power is on.

Note:

The USB hub is plug-and-play. Once connected to the computer, it will be available for use. The AC adapter is not required at all times, but may be needed for larger devices or if all ports are utilized. The AC adapter is necessary, however, to charge devices when the hub is disconnected from the computer.
