Rhino™ 5200

Industrial Handheld Label Printer

Go for the portable, affordable label printer that builds your reputation

Show off your work with Rhino™ 5200 from DYMO® Industrial – the label printer for datacomm, electrical, audio/visual, security, MRO, construction and broadcast professional.

- Meets all ANSI, TIA/EIA-606-A labelling standards
- DYMO® exclusive "hot keys" automatically size, space and format labels for wires and cables, terminal blocks, patch panels, vertical and fixed-length applications
- Pre-programmed symbol library puts industry symbols, punctuation, currency and fractions at your fingertips
- Integrated, slip-resistant rubber grip/bumper protects unit against damage from accidental falls, rough working conditions
- Integral lanyard loop provides option for hands-free portability
- Large two-line-display – backlit for poorly lit locations
- Prints Code 39 and Code 128 barcodes on 19 mm labels
- Uses Rhino™ easy-peel labels with industrial-strength adhesives, available in five (5) materials
- Runs on six (6) AA batteries (not included) – or an optional quick-charging lithium-ion battery to reduce overall AA battery waste and expense
- Automatic shut-off maximises battery life
- Includes 1 x 19 mm white flexible nylon label cassette

Rhino™ 6000

Industrial Handheld Label Printer

Accomplish more with advanced labelling at your computer or on the go

The Rhino™ 6000 is the first printer in the Rhino™ product family for high-end demands, to offer PC connectivity. Create labels by downloading files from any Windows®-based software programme or by using our own RHINO CONNECT™ labelling software. Content can be prepared ahead of time on a PC, and printed from the Rhino™ 6000 in the office or stored in a printer and printed right on the jobsite. Either way, rugged Rhino™ 6000 simplifies labelling with advanced functions that are genuine time-savers.
- Unique "HOT KEYS" for wire & cable flags & wraps, patch panels, modules, terminal blocks, … eliminate guesswork, complicated menus and offer fast and easy formatting of commonly used label types.
- Over 250 easy-to-find, pre-programmed industry terms and symbols for saving time and standardising labelling jobs.
- 1 MB of memory to store 1000+ labels, including industry terms, graphics, logos and symbols, for on-demand printing at job-sites.
- Additional features include a large graphic display with backlight, onetouch powered cutter and cassette ejection system, automatic cassette recognition and quick charging lithium-ion rechargeable battery pack.
- Uses thermal transfer print technology – no ink cartridges
- Accepts 6, 9, 12, 19 and 24 mm Rhino™ labels
- I ncludes one 24 mm white Flexible Nylon label cartridge, AC adapter and lithium-ion rechargeable battery pack.
- Works with RHINO CONNECT™ Software (sold separately or is included in Hard Case Kit, see page 9)

RHINO CONNECT™ Software

To accelerate your Rhino™ labelling, use the innovative and easy RHINO CONNECT™ Software and create hundreds (or thousands) of labels before you arrive at the jobsite. To minimise your effort, this integrated software precisely matches the functionality of the Rhino™ 6000 label printer to print an array of professional labels.

- For use with Rhino™ 6000 Professional Label Printer range (see p. 8).
- Create labels using the integrated step-by-step wizard.
- Upload / download label files for in-the field and on-demand printing.
- Insert customised graphics, logos, symbols and industry terms.
- Import data from any Windows®-based programme.
- Print labels directly from Rhino™ CONNECT™ Software.
