

# MIC-01A

Multimedia Microphone

## Package Upgrade Notice

The desktop microphone MIC-01A is in a new package design with “red” to identify the Genius “Live with Ideas” slogan.

MIC-01A is the most popular desktop multimedia microphone from Genius in a brand new package. The omni-directional microphone is perfect for Internet chatting and meetings because of its clear sound. The stand and universal directional boom provide convenience for all desktop PC's. Installing MIC-01A is simply a matter of plugging it in to the audio jack. The plug-and play function makes it easy for PC and notebook installation. A 3.0-meter long cable is long enough to connect to a PC or a recording device.

For more information, contact your sales representative.
