

hp C4092A UltraPrecise standard capacity toner cartridge

Recommended catalogue copy:

The HP C4092A UltraPrecise Standard Capacity Toner Cartridge offers affordable and professional print quality for desktop and small business users of the HP LaserJet 1100 Printer and HP 1100A All-In-One printer, copier and scanner. The printer and the cartridge work together to produce exceptional print quality with the economy needed at the desktop. The HP C4092A UltraPrecise Standard Capacity Toner Cartridge produces 2,500 pages at 5% coverage (4,340 pages according to Dr Grauert's specifications ECMA-132/ISO 10561), using a new, extra-fine toner formulation for more sharply defined outlines and smooth grey-scales for graphics applications. The HP C4092A is self-contained for quick and simple, snap-in replacement and works for printing and copying applications.

Target market/sales message:

The affordable, easy-to-handle HP C4092A UltraPrecise Standard Capacity Toner Cartridge works with the HP LaserJet 1100/1100A Printers to provide desktop users and small businesses with outstanding print quality.

hp C4092A UltraPrecise standard capacity toner cartridge

The three-minute sales pitch

The HP C4092A UltraPrecise Standard Capacity Toner Cartridge works with your HP LaserJet 1100 Series Printers to produce optimum professional output at an affordable price.

Clearer images, sharper characters and smoother grey-scale shading
The fine quality of the Dual Polymer Toner allows tighter, more even distribution of toner inside the cartridge, producing consistently clear and sharp output from the first page to the last.

Economy printing with a professional look and feel

The HP C4092A will produce output that is always clear, always sharp, throughout the life of the cartridge. With a capacity of 2,500 pages at 5% coverage (4,340 pages according to Dr Grauert's specifications ECMA-132/ISO 10561), the HP C4092A UltraPrecise Standard Capacity Toner Cartridge offers excellent value for money without compromising your budget.

Convenient and easy-to-use

The single-part cartridge provides for quick, clean and easy installation and replacement. Used cartridges are easily and effectively returned through the HP Planet Partners Return Programmes*.

The HP guarantee of output that is always clear, always sharp

The new HP-branded pull-tab guarantees you are using the HP UltraPrecise Standard Capacity Toner Cartridge designed for your HP LaserJet 1100 Series Printer.

Frequently Asked Questions

What's new about this cartridge?

The HP C4092A UltraPrecise Standard Capacity Toner Cartridge is designed specifically for the HP LaserJet 1100 Printer family. It has a 2,500 page capacity at 5% coverage (4,340 pages according to Dr Grauert's specifications ECMA-132/ISO 10561) and new toner formulation with an average particle size of 5.6 microns, enabling optimum quality output for today's demanding imaging requirements.

What does HP UltraPrecise refer to?

HP UltraPrecise is HP's term for a major innovation in the toner cartridge – a key component in the imaging system of a HP LaserJet Printer. The HP C4092A has a new, smaller toner formulation with an average particle size of 5.6 microns (reduced from an average of 6.3 microns in other toner cartridges) which enables crisp and sharp definition in print quality throughout the life of the cartridge.

Do I really need UltraPrecise quality in a personal printer?

HP designed the 1100A LaserJet printer and toner cartridge for customers who have asked us to provide professional LaserJet quality in a personal printer. Today's internet and software applications demand high quality output for photographs and graphics and UltraPrecise enables the user to translate this technology into professional, persuasive looking documents.

Is this toner cartridge interchangeable with previous printer models?

No. The printer engine and imaging system are engineered to work intimately together, virtually eliminating all banding streaks and smears.

Is the cartridge recyclable?

Yes, the HP C4092A UltraPrecise Standard Capacity Toner Cartridge is part of HP's Planet Partners Toner Cartridge Return Programmes*. HP recycles each and every cartridge it receives and converts up to 95% into raw materials for a variety of everyday uses. This programme has recycled over 12 million cartridges since 1990, keeping more than 9,000 tons of cartridges from landfills.

Will I be able to find this cartridge in all reseller channels?

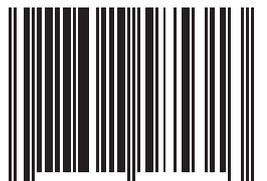

Yes, the HP C4092A UltraPrecise Standard Capacity Toner Cartridge will be available in wholesale, contract stationer, direct mail and retail channels just as its predecessor, the HP C3906A.

* For more information refer to the HP Planet Partners web site located under the FAQ's section of the HP Supplies home page, <http://www2.hp.com/go/supplies>, or contact your local HP Representative.
