

NA762TB

Thunderbolt™ 2 8-Bay Diskless Hardware RAID Storage Solution

Flexible & Cost-Effective Thunderbolt™ 2 Hardware RAID Storage Solution!

Introducing the HighPoint NA762TB

HighPoint's NA762TB is a full-featured storage powerhouse backed by industry proven hardware-RAID technology, and delivers the uncompromised performance, superior reliability, and effortless every-day usability demanded by today's leading media professionals. The NA762TB is the ideal Hardware RAID storage solution for compact form-factor Thunderbolt™ capable MacBook, Mac mini, iMac and Mac Pro platforms.

Designed for 4K and 2K Workflows

The NA762TB's integrated Hardware RAID controller delivers blazing fast transfer speeds, and is capable of satisfying the performance requirements of multi-stream compressed 4K and 2K workflows.

Easily Migrate existing storage to new Thunderbolt™ platforms

HighPoint's NA762TB allows customers to migrate existing storage to Thunderbolt 2™ host platforms. The NA762TB is fully backwards compatible with all previous and current HighPoint RAID controllers,

and includes built-support for Apple RAID configurations created with the OS X Disk Utility.

Hardware RAID Class RAID Solution

The integrated 6Gb/s SAS/SATA hardware RAID engine delivers an unprecedented level of data protection and transfer performance; perfect for I/O intensive, professional media applications.

Flexible and Cost-effective Storage Solution

Why settle for pre-built storage configurations? Unlike conventional Thunderbolt™ storage solutions, the NA762TB imposes no restrictions on speed or capacity.

The 8 removable disk modules accept any industry-standard 3.5" SAS or SATA hard disk; from 5400, 7200 up to 15000 RPM spindle speeds, and are ready for any future capacity upgrades.

Enterprise-class SAS and SATA hard drives offer a broad range of pricing, capacity and performance options, and allow you to tailor storage configurations to meet the requirements of any application.

Feature Highlights

- Integrated Hardware RAID class Storage protection – 0, 1, 5, 6, 10, 50, & JBOD
- Multi-stream Compressed 4K and 2K Editing solutions
- Compatible with 3.5" SAS and SATA Hard Drives
- Mac OS X 10.8.6 and later

THUNDERBOLT™

Experience Uncompromised Performance and Reliability

- Integrated Hardware RAID
- 8x Removable Disk Modules support any industry standard 3.5" SAS/SATA hard drive
- RAID 0, 1, 5, 6, 10, 50 & JBOD
- Terabyte Guard™
- Mac OS X 10.8.6 and later

Works with Any Thunderbolt™ Capable Mac Platform

Easy to use Management Suite

The comprehensive, easy to use Storage Management interface was designed specifically for Mac computing platforms and OS X.

The streamlined web-based interface simplifies the RAID configuration process and provides user-friendly controls for every setting and configuration option imaginable.

NA762 Technical Specifications	
Host Interface	Thunderbolt™ 2
Data Transfer Rate	20Gbps Bi-directional
HDD Interface	SAS/SATA 6Gb/s, 3Gb/s
No. of Disk(s)	Supports up to eight 3.5" HDD or SSD (Sold separately)
RAID Levels	Integrated Hardware RAID 0, 1, 5, 6, 10, 50 & JBOD
Cooling	Two hot-swappable cooling Fans
Power Supply	300W Single Power Supply / Universal: 100~240VAC, 50/60Hz
LED Display	Power On
Alarm	Mutable alarm buzzer for Temperature warnings
LED's	Temperature, fan failure LEDs
System Support	Mac Pro, Mac mini, Mac mini Server, iMac, or MacBook Pro with a Thunderbolt™ port
O.S. Support	Mac OS X 10.8.6 and later / Windows 7, 8, 8.1 (PC only)

Product	NA762TB
Product Image	
Storage Interface	Thunderbolt™ 2 to 6Gb/s SAS/SATA
Removable Disk Modules	8 (3.5" SAS/SATA)
Retail Box Dimensions	9.1" (D) x 6.1" (W) x 14.4" (H) inch
Retail Box Weight	17.74 lbs.
UPC Code	643653762019
Kit Contents	NA762TB Enclosure HDD Tray x 8 (Installed) Thunderbolt™ cable (2 meter) Manual CD-ROM Hard Disk Drive mounting screw x 32 Key for HDD tray x 2 Power Cord x 1
