

# Honeywell® Batteries H905A-Li

Maximize the Performance of your Device MC9000-SHOBAB0000(MC9000 S Series).

The H905A-Li is a direct replacement for the OEM 21-62960-01 battery that is used in the Device MC9000-SHOBAB0000 (MC9000 S Series).

## Battery Features:

- Contains the highest quality battery cells.
- Provides excellent discharge characteristics.
- Provides longer cycle life.

## Cell Specifications:

Chemistry: Lithium Ion  
Voltage: 7.2 volts  
Capacity: 1550 mAh

## Battery Dimensions:

Width: 50.2 mm  
Length: 45 mm  
Height: 29.3 mm  
Weight: 108 g

## Warranty:

Each battery is guaranteed to be free from defects in materials and workmanship, and can maintain a minimum of 80% of its rated capacity for 12 months from date of shipment under normal use.

## About Us

We are engineered for hand-held bar code scanners/mobile computers, portable printers, two-way radios, and uninterruptible power supply systems (UPS). We also produce a line of intelligent battery chargers and we design custom applications for clients' specific mobile power needs. We are proud to be a leader in Mobile Power Technology, design and development.

The cornerstones of our business are product quality, customer service, immediate availability and attractive pricing.

We look forward to serving you.
