

# Honeywell® Batteries H4497-Li

Maximize the Performance of your Motorola® CP040, CP150, CP200, CP250, EP450, GP3138 and PR400 Series Radios.

The H4497-Li is a direct replacement for the OEM NNTN4497 / NNTN4970 batteries that are used in the Motorola® CP040 / CP150 / CP200 / CP250 / EP450 / GP3138 and PR400 Series Radios.

## Battery Features:

- Contains the highest quality battery cells.
- Provides excellent discharge characteristics.
- Provides longer cycle life.
- Extends operating time and reduces the total number of batteries needed.
- Rigorous testing including temperature, vibration, shock, drop, short circuit, and overcharge.

## Cell Specifications:

Cell Manufacturer: Sanyo  
Chemistry: Lithium Ion  
Voltage: 7.4 volts  
Capacity: 2300 mAh

## Battery Dimensions:

Width: 2.37 inches (60.2 mm)  
Depth: 0.96 inches (24.5 mm)  
Height: 4.77 inches (121.2 mm)  
Weight: 140.4 grams

*Note: Dimensions are without belt clip.*

## Warranty:

Each battery is guaranteed to be free from defects in materials and workmanship, and will maintain a minimum of 80% of its rated capacity for 12 months from date of shipment under normal use.

## About Honeywell® Batteries

Honeywell® Batteries are available for hand-held bar code scanners/mobile computers, portable printers, two-way radios, and uninterruptible power supply systems (UPS). We also produce a line of battery chargers and design custom applications for clients' specific mobile power needs. We are proud to be a respected leader in mobile power technology, design and development.

The cornerstones of our business are product quality, customer service and attractive pricing.

We look forward to serving you.
