

# KCT QUAT

**Disinfectant - Sanitizer - Deodorizer  
Mildewstat - Virucide\***

# EPA Registered Quaternary Disinfectant

## DESCRIPTION

KCT Quat is a disinfectant, deodorizer, virucide and sanitizer especially designed for the food service, food handling and food processing industries. This multi-purpose germicidal detergent and deodorant is effective in hard water up to 400 ppm hardness against 5% organic serum. KCT Quat disinfects and deodorizes in one, labor-saving step. KCT Quat effectively kills and removes numerous strains of pathogenic bacteria including Salmonella and Staphylococcus. KCT Quat is for use in sanitizing of any hard non-porous surface.

## DIRECTIONS

Dilute concentrate with water to desired level. Apply diluted solution to surface to be cleaned with sprayer, sponge, brush or steel wool. Keep surface wet as necessary for disinfection and allow surface to air dry. See label for detailed use directions.

## DILUTION RATIOS

Food Contact Sanitizer -----	0.22 oz / gal
General Disinfection -----	0.45 oz / gal
Mold & Mildew Control -----	0.78 oz / gal
Fungicide -----	0.78 oz / gal
Virucide -----	0.78 oz / gal
Deodorizing -----	4.25 oz / gal

## ADVANTAGES

- EPA Registered
- No Rinse Food Contact Sanitizer
- Extra Concentrated Formula for Maximum Economy
- Kills Bacteria, Viruses, Fungus, Mold, Mildew and Other Germs
- Neutral pH Formula
- Multi-Purpose Disinfectant and Deodorizer
- Kills HIV, HBV, MRSA, Influenza A and more
- Contains No Solvents or VOC's

## TYPICAL PRODUCT SPECIFICATIONS

Appearance -----	Clear red liquid
Scent -----	Typical
pH -----	8.6
Weight, per U.S. gallon -----	8.2 lbs.
Specific gravity -----	0.988
Viscosity -----	Thin
Foam -----	Low
Flashpoint -----	Over 200°F
Rinsability -----	Excellent
Stability -----	Excellent
Solubility -----	Complete
DOT shipping -----	Non-hazardous

## APPROVED APPLICATIONS

- Disinfection of any hard non-porous surface
- Institutions – restaurants, hospitals, nursing homes, schools, kennels, etc.
- Food preparation, processing & storage areas
- All non-porous countertops & tabletops
- Floor cleaning and disinfection
- Restroom maintenance – all surfaces
- Triple sink sanitizer for bars and kitchens
- All kitchen equipment, utensils and wares
- Laundry sanitizer
