The essentials of imaging

Compact personal printer for home and business

Professional Documents at Your Fingertips

Sleek, small, and affordable, the **PagePro™ 1350W** from KONICA MINOLTA is a dedicated laser printer for professional and home-office use. The **PagePro 1350W** provides the convenience and privacy benefits only a personal printer can, with performance that matches many shared office printers. And its best-in-class quality makes printing memos, reports, and other business documents a stand-out affair.

Printing Essentials

- Able to deliver up to 21 pages per minute, the **PagePro 1350W** outpaces printers in its class to keep pace with you.

- Get professional prints with true 1200 x 1200 dpi. The **PagePro 1350W** produces the same great quality printing on any of its supported media types, including plain paper, thick stock, envelopes, and labels.

- With 'Plug and Play' USB and parallel interfaces, the **PagePro 1350W** is quick to set up and print from any Microsoft® Windows application. Choose the **PagePro 1350WN** with a fast Ethernet interface to accommodate the entire office.

Easy to Use

- Designed with the non-technical user in mind, the **PagePro 1350W** comes with straightforward printer drivers and installation software.

- The **PagePro 1350W** includes a Status Display utility to conveniently check printer status. It also offers step-by-step on-screen instructions to correct issues.

- Microsoft certified for meeting compatibility standards with Windows XP, 2000, Me, and 98SE offers users further peace of mind.

Pleasure to Own

- Measuring only 15" wide, the **PagePro 1350W's** small stature is a big plus for the space-deprived desktop.

- The printer's finishing touches include a fold-away paper tray to minimize desk space, built-in cable hooks to keep cords in place, and a quiet operation mode.

- The **PagePro 1350W** has more than an attractively low purchase price. Its high-yield supplies and plain paper printing make it a great investment for everyday use.
