Is it a monitor? Or something better?

The ultimate in LG Monitor displays is now available with the E60. Truly a marvel, it offers groundbreaking design elements, smart innovations like LED backlighting and the wonders of Full 1080p resolution.

Imagine anything you might want in a monitor display and it's been made a reality with the E60.

You won't believe your eyes. Tired of dark scenes or dull colors? LG's LED technology delivers amazing clarity and color detail as well as a more energy efficient monitor compared to conventional monitors.

The ultra slim width of less than 1" creates a uniquely sleek and delicate appearance that accentuates any decor.

This stunning picture is the reason you wanted HDTV in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard HDTV. You'll see details and colors like never before.
