### STEP 1: Connecting your system

Follow the diagram to connect:  
(HDMI/VGA/Network cable not included)

### STEP 2: Ready to View

When you have finished connecting all cables to power and the DVR, turn the DVR "ON". When the welcome screen appear, right click the mouse and then the main menu will pop up. The digital video recorder system is now set up.

Main Menu Login: admin  
Password: 123456

**Congratulations! You're now ready to secure your home or business with LaView.**

*For complete instructions on your surveillance kit, please refer to the user manual included in the package.*
