

GS7252B-DUO

Double Guitar Stand

GUITAR STANDS & ACCESSORIES

FEATURES AND BENEFITS

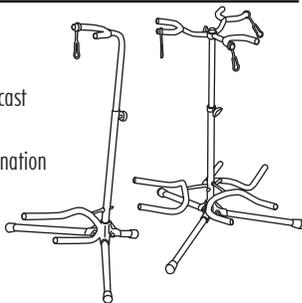

This high quality duo stand features rugged die-cast leg housing, velveteen rubber padding and our key-way locking Smart-Yoke™. Stand safely holds one or two guitars of any type. Our three-legged design provides complete stability and all component parts are keyed to align properly.

Have more than one guitar? We have more stands...

GS7121B-XCG / GS7352B-TRI

These high-quality stands feature the same rugged die-cast leg housing, velveteen rubber padding and our key-way locking Smart-Yoke™. And, they safely hold any combination of guitars, basses and even banjos.

Smart-Yoke™

Only our Smart-Yoke™ is designed to stay up right, so you will never have to kick it in place again! The key-way locking pin makes the yoke detachable and also allows the Smart-Yoke™ to rotate 360°. The rotation will adjust to most guitar shapes, even asymmetrical basses, and will always stay right side up when not in use.
