- "Clip and Go" simply clip controller on your bag or clothing to keep with-in easy reach
- Rechargeable lithium battery: Calling Time - Music Play Time: 6hrs/Stand by time: 250hrs

Bluetooth v3.0 Technology -

The Phiaton PS 20 BT features Bluetooth v3.0 technology to provide superior bandwidth and power optimization than previous Bluetooth versions. Increased bandwidth means more streaming data and less compression providing a more natural and improved sound quality. The Bluetooth v3.0 technology reduces power consumption, which means a longer battery life. Bluetooth v3.0 also enhances the power controls that ensure greater connectivity at faster speeds. But best of all, the PS 20 BT Bluetooth earphones allow you to easily answer phone calls without having to remove the earphones or handle your device!

“Omni-Pair” Technology -

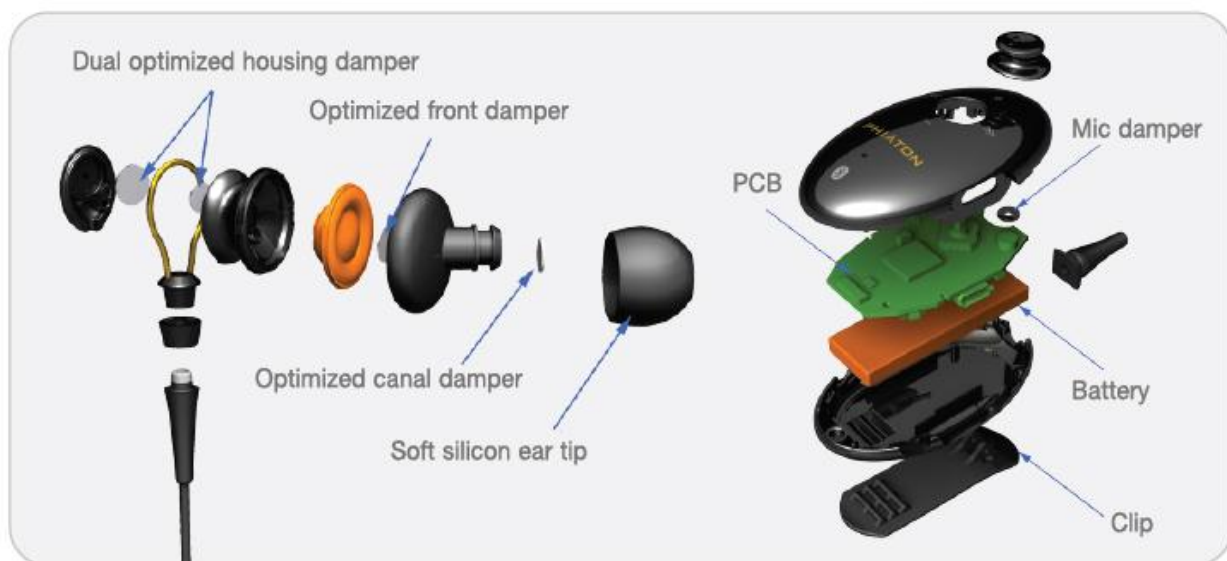

You can use the PS 20 BT to connect up to eight devices

“Mass Bass” Technology -

Dual Chamber structure for accurate bass and clean sound

“Echo-Off” Noise Reduction Technology -

Background noise is virtually eliminated while your on a call.

The Comfort...

The **unique “Half In-ear” design** combined with silicon eartips fit snugly just outside the ear canal. They come with **four separate sizes of soft silicon tips** to ensure a natural feel and a welcome “no slip” fit for all wearers, making them perfect for today’s active lifestyles.

The Sound...

Features Phiaton’s **acclaimed “MaxBass Reflex”** technology with a **dual-chamber structure** that **virtually eliminates** unwanted **vibration and echo** while delivering unprecedented audio performance, with a wider frequency range and more realistic musical presence.
