## Key Features

## Point 1

Greatly improved connectivity to access various media.

- Works with Pandora®
- Wireless Audio Playback by Bluetooth®
- USB Direct Control for iPod®/iPhone® and for certain Android™ Phones via MTP and AOA 2.0

### Built-in Bluetooth®

Pioneer Audio receivers feature built-in Bluetooth® that enables both hands-free calling and audio streaming. Including the latest Hands-Free Profile (HFP 1.6) with Wideband Speech capability. You are able to experience more natural sound quality and details during calls. When streaming music, AVRCP 1.5 lets you browse and select the media stored on your smartphone.

## Point 2

Enhanced Visual features make the vehicle space richer.

- Flexible adjustment with Color Customization, Brightness and Dimmer Setting
- Superior visibility and contrast on Large VA LCD display with 2-line text

### Adjustable Illumination and Brightness Functions

Numerous adjustable illumination functions let you match the color of the receiver and instrument panel. Adjustable brightness settings enhance the visibility of the receiver when you are driving in the day or night.

## Point 3

Enjoy your favorite tunes more lively and entertaining with audio specialized functions.

- Exciting nonstop mixed music experience by MIXTRAX®
- Extra bass from Adjustable Bass Boost

# MIXTRAX

### MIXTRAX®

Keep the party going with MIXTRAX®, an innovative Pioneer technology that creates a non-stop mix of your music library complete with a range of DJ-inspired effects. Drawing from Pioneer's rich DJ heritage and our passion for music, MIXTRAX delivers a unique DJ infused listening experience to those in the car.
