

AOYUE® 908 series / 906 series Multifunction Repairing System

- Electrostatic discharge safe design with grounding measure.
- Two in one repairing system that combines the function of a Hot Air Gun (with an auto-cool off process) and a 24V output voltage Soldering Iron.
- Temperature and airflow adjustable by traditional knob type controls, simple and efficient.
- **Aoyue 906** series uses high quality Aoyue made ceramic heater that is economic and efficient suitable for regular soldering activities.
- **Aoyue 908** Series uses Japan made PTC heating element that ensures faster heat up suitable for users who requires higher power (60W).
- Also available **Aoyue 906+ and Aoyue 908+** with built-in robotic hot air gun manipulator for stable and precise hands-free reworking while soldering on the other hand.
- Compatible with various type of air nozzles. Please see page 37 for list of available air nozzles.
- Compatible with different kind of tips. Please see page 28 for list of replacement tips.

SPECIFICATIONS

MAIN STATION	906 and 906+	908 and 908+
Power Input :	available in 110V / 220V	
Station Dimensions:	190 x 122 x 245	187 x 128 x 246
Weight:	5.6Kg	5.8Kg
SOLDERING IRON		
Power Consumption:	35W	60W
Temperature Range:	200°C - 480°C	
Heating Element:	Ceramic Heater	PTC Element
Output Voltage:	24V	
HOT AIR GUN		
Power Consumption:	450W	
Temperature Range:	100°C - 500°C	
Heating Element:	Metal Heating Core	
Pump/Motor Type:	Diaphragm Pump	
Air Capacity:	23 l/min (max)	

Package Content:

Main Station with Hot Air Gun
 Air Nozzles (1313, 1196, 1197) for 906 series
 Air Nozzles (1124, 1130, 1196, 1197) for 908 series
 Z001 Hot Air Gun Holder
 30685 Gun Manipulator (for 906+ and 908+ only)
 Soldering Iron with tip
 Soldering iron holder with solder wire stand
 G001 IC Popper
 Power Cord

Spare Parts List

Part No.	Description
10093	Hot air gun heating element
30104S	Plastic handle of hot air gun
S006	Hot air gun complete handle (906 series)
S011	Hot air gun complete handle (908 series)
20932	Hot air gun metal pipe
P002	Diaphragm pump
C001	Soldering iron heating element (906 series)
C008	Soldering iron heating element (908 series)
3098S	Plastic handle of soldering iron
B001	Soldering Iron complete handle (906 series)
B002	Soldering Iron complete handle (908 series)
20170-1	Tip enclosure
