Dear customer:

Congratulations on the purchase of your snom 320 Voice over IP telephone!
Please read these notes carefully before you start using the snom 320.

Safety Notes

- Please inform yourself on our webpage (<http://www.snom.com>) at „Support / Firmware download“ if a new firmware version is available and perform an update, as described in our FAQs subchapter „Firmware“. By pressing the  key you will find out which Firmware is already on your phone.

- Do not disassemble this unit.
Opening this unit will void the product warranty.

- Power Supply:
 - An external power supply (5 V)
- Use only the power supply supplied with your phone !!!!!!!!!!!!!

- Do not locate power and network cable where a person might step on or trip over them.

- Do not expose to humid environments.

- Place this unit only on even, horizontal surfaces.

- To clean the snom 320 use anti-static cloth.
Do not use liquid cleaners.
