StarTech.com  
Hard-to-find made easy

The HD2VGAA2 HDMI® to VGA Adapter Cable enables you to connect an HDMI output device, such as a laptop video output or digital media extender to a VGA display device (monitor, projector) by converting the HDMI video signal from the output device into a VGA output and separate 2-channel analog audio. The HDMI to VGA adapter is intended for displaying user generated content such as presentations, documents, and work sheets onto a VGA projector or monitor. The adapter can also extend your computer's desktop to double your workspace and increase productivity.

The versatile converter supports resolutions including high definition 1080p, up to 1920x1200, which eliminates the expense of upgrading a VGA display for the sake of compatibility, and doesn't require a separate power adapter which saves installation time and hassle.

Backed by 2-year warranty and free lifetime technical support.

The StarTech.com Advantage

- Easily make your new HDMI® equipment (Desktop, Laptop, or Ultrabook) compatible with a VGA display (Television, Monitor, Projector).
- With support for up to 1080p or 1920x1200 video and 2 channel audio
- No power adapter required

#### Main specifications:

##### Technical details

Supported video modes:	720p,1080p
Host interface:	HDMI
Output interface:	VGA/3.5mm
Maximum resolution:	1920 x 1200 pixels
Housing material:	Plastic
Audio output channels:	2.0
Audio support:	Y

##### Power

USB powered:	Y
--------------	---

##### Colour

Colour of product:	Black
--------------------	-------

##### Certificates

Certification:	CE, FCC, RoHS
----------------	---------------

##### Operational conditions

Operating temperature (T-T):	0 - 60 °C
------------------------------	-----------

Storage temperature (T-T):	-10 - 70 °C
Operating relative humidity (H-H):	40 - 85 %

#### Weight & dimensions

Width:	45 mm
Depth:	250 mm
Height:	15 mm
Weight:	66 g

#### Packaging data

Package width:	80 mm
Package depth:	180 mm
Package height:	20 mm
Package weight:	66 g
