StarTech.com  
Hard-to-find made easy

Add six external and one internal high speed USB 2.0 ports to any PCIe compatible PC. The PEXUSB7LP Low Profile PCIe USB 2.0 Adapter Card offers a cost-effective way to add seven USB 2.0 ports to a small form factor computer for enhanced versatility and performance. The card adds 6 external USB 2.0 slots and 1 internal USB 2.0 header port, with support for high speed USB 2.0 data transfer rates of up to 480 Mbps; to help save time, this versatile PCIe USB card includes WHQL-certified drivers and easy plug and play installation. Capable of adapting to virtually any PC case form factor, the low profile USB card includes a standard profile bracket for installation in full form factor cases. The StarTech.com Advantage- Unique design layout allows for the maximum number of USB ports to be mounted to the external bracket, while still being able to fit both small form factor and full desktop systems- Backed by a StarTech.com lifetime warranty and free lifetime technical support
