

S-Video Extender over Cat 5

StarTech ID: SVIDUTPEXT

The SVIDUTPEXT S-Video Extender over Cat 5 lets you extend an S-Video source signal up to 200 meters over Cat 5 cable, allowing you to configure your S-Video A/V setup as needed.

The S-Video over Cat 5 extender is comprised of two extender units that can be used interchangeably - one is installed near the video signal source, the other to be placed near the desired display, up to an impressive 200m away. With no software or power adapter requirements, installation and setup is quick and hassle-free. The included installation/mounting kit, and 20cm S-Video cable offer flexibility in the placement of the transmitter and receiver units.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Applications

- Ideal for classrooms, projectors, tradeshows, and retail displays using an S-video signal
- To be used in home or commercial applications as a fast, and cost-effective means of connecting S-video equipment over long distances

Features

- Extend video to 200 meters using a cat5 cable
- Installation is a breeze, no software, and no power adapter required
- Works with shielded twisted pair (STP) and unshielded twisted pair (UTP) cat5 cable
- Mounting kit included for wall installation
- Includes two 20cm s-video cables for quick setup and placing extender right next to your source and display
