Hard-to-find made easy

Share an HDMI display between four distinct HDMI audio/video sources, with optional Picture-and-PictureThe VS421HDPIP 4-Port HDMI Video Switch with Picture-and-Picture (PAP) lets you connect four HDMI video sources to a single HDMI display with the added benefit of playing all four video sources on your display simultaneously with combined video. See the Whole PictureThe split-screen multiplexing switch gives you the flexibility of a 4-port video switch with the added benefit of combining two, three or four video sources onto your output display. The switch supports three different picture-and-picture modes per display: Matrix Mode (1x1) / Dual Mode (2x1) / Quad Mode (4x1). Control Your OutputFitting your boardroom or digital signage application with a VS421HDPIP dramatically increases your communication possibilities. Not only does the picture-and-picture switch increase your communication by a factor of four, but it also enables you to adjust your video sources remotely using RS232 serial, your local TCP/IP network, or the included IR remote control. Increase the Versatility of Your DisplayThe VS421HDPIP is a flexible video switch that can improve any video display application. The picture-and-picture technology enables you to share up to four distinct images on the same screen, reducing required video real estate and saving you from wasting money on additional displays in a digital signage applications. For security monitoring you can combine four video sources across a single display to view everything more efficiently -- you can even zoom into a single feed for a closer look. For versatile installation options mounting hardware is also included ensuring a tidy professional installation. The VS421HDPIP is backed by a StarTech.com 2-year warranty, and free lifetime technical support. The StarTech.com Advantage- See the whole picture by adding multiple HDMI sources to the same display with picture-and-picture- Control your output and make your digital signage operation easier with remote control operation using RS232 (serial), Telnet (TCP/IP Network), or IR (remote control)- Increase the versatility of your display and save money, with the picture-and-picture technology reducing the number of displays required with up to four video sources on the same display

## Main specifications:

### Technical details

Colour of product:

Black

Aluminium

Supported graphics resolutions:

1280 x 720 (HD 720), 1920 x 1080 (HD 1080), 1920 x 1200 (WUXGA), 640 x 480 (VGA)

Supported video modes:

1080p, 720p

Video port type:

HDMI

HDMI ports quantity:

5

Maximum resolution:

1920 x 1200 pixels

Remote control type:

RS232, Telnet, IR

Audio output channels:

7.1

HD type:

Full HD

### Ports & interfaces

RS-232 ports:

1

HDMI in:	4
HDMI out:	1
<b>Packaging content</b>	
Handheld remote control:	Y
Manual:	Y
AC adapter included:	Y
<b>Weight &amp; dimensions</b>	
Dimensions (WxDxH):	250 x 435 x 44 mm
Weight:	2825 g
Package weight:	4300 g
Package width:	410 mm
Package depth:	575 mm
Package height:	140 mm
<b>Power</b>	
AC adapter input voltage:	100 - 240 V
AC adapter input current:	1 A
AC adapter output voltage:	12 V
AC adapter output current:	3 A
<b>Certificates</b>	
RoHS compliance:	Y
Certification:	CE, FCC
