Description: the product is a battery pack for a range of emergency Personal Locator Beacons. It contains seven small hermetically-sealed primary Lithium – Iron Disulfide cells. The pack has its own plastic casing, and incorporates physical and electrical short-circuit protection.

Use Information

The product has a limited service life: see label for expiry date.

The product contains no user-serviceable parts.

DO NOT ATTEMPT TO DISMANTLE.

DO NOT ATTEMPT TO RECHARGE THE BATTERIES.

Hazardous Substances

Under EC and US legislation this product is classified as a manufactured article, which does not result in exposure to any hazardous chemicals under normal conditions of use. As such the product does not require a Material Safety Data Sheet, and the following information is provided as a courtesy:

The total Lithium content of the product is 6.86 g. The cells within the product contain the following active ingredients, by CAS number and name:

1309-36-0	Iron Disulfide
646-06-0	Dioxolane
7439-93-2	Lithium Metal
110-71-4	1,2-Dimethoxy Ethane
10377-51-2	Lithium Iodide
1333-86-4	Carbon
7782-42-5	Graphite

No chemical hazard will be posed as long as the cells remain in their sealed condition.

This information is given in good faith, and is believed to be accurate at the date of preparation. Orolia Ltd makes no warranty, either express or implied, with respect to this information, and disclaims all liability from reference on it.

Transport Information

UN Hazard Code: Class 9
UN Hazard Class: Class 9
UN Number: UN3091
UN Name: Lithium Metal Cells & Batteries Contained in Equipment
Packaging Group: II
UN Packing Instruction: PI 970

Disposal Information

DO NOT INCINERATE.
DO NOT ATTEMPT TO DISMANTLE.
DO NOT DISCARD IN DOMESTIC WASTE.

This product should be disposed of in a sensible and considerate manner, and in accordance with local regulations. Take it to a civil recycling facility, or contact Orolia for advice.

Green Passport: Ship Recycling Information

Orolia Ltd hereby declares potentially hazardous content in some of its electronic products.

Small amounts of the following substances may be present: beryllium oxide, lithium, lead (in older products), brominated flame retardants, glass.

In keeping with European directive 2002/96/EC (Waste Electronic and Electrical Equipment) and the provisions of IMO Resolution A.962(23) (Guidelines On Ship Recycling), Orolia strongly recommends that its products, including any battery packs, be disposed of in a considerate and legal manner. Additional information, concerning the disposal of equipment can also be found in the relevant equipment User Manual, under the heading: End of Life Statement.
