

## AKP11CA | Targus Wireless Numeric Keypad

The Targus Wireless Numeric Keypad allows users to type numbers into spreadsheets and other applications quickly and easily. The full-size 19mm keys improve speed and accuracy by making it easier to locate and press the numbers you are looking for. The integrated ergonomic tilt provides added comfort which helps reduce strain after a long work day. Wireless technology provides a cordless workspace allowing the keypad to operate up to 33ft away from the receiver. For added convenience, the receiver stores inside of the device when not in use so it's easy to locate whether in the office or on the road. An integrated battery indicator light also lets users know when batteries are low so they are sure to have replacements when needed. The Targus Wireless Numeric Keypad provides large comfortable keys which make it easy to work on financial applications in the office or during travel.

Full sized keys are comfortable and large for increased accuracy; Great for those working on spreadsheets, accounting files or financial applications

Ergonomic tilt provides support to help prevent wrist strain

Wireless technology provides a cordless workspace and allows the keypad to function up to 33ft away from the receiver

Battery indicator light lets users know when batteries are running low so there are no surprises
