PA410S-1 | Targus DEFCON® SCL (Serialized Cable Lock) - Master Pack (25)

The Targus DEFCON® SCL (Serialised Cable Lock) is a serialised lock with a pre-set combination. It is sold in multiples of 25 under model number PA410S. This Targus laptop security product finally provides a computer security solution for complete asset protection. The Targus DEFCON Serialised Cable Lock (SCL) is 6.5 feet of cut-resistant, galvanized steel cable that loops around any secure object and easily attaches to your laptop computer's lock slot. Our DEFCON SCL features a pre-set combination lock. The DEFCON SCL is the first laptop computer security product to offer the benefits and convenience of a keyless security solution.

☒ This is a Targus global product

Similar to the PA410U, but serialized (has serial numbers on it) with a pre-set 4 digit combination and is sold in multiples of 25

IT Manager has access to all combinations via a secure password IT Manager has access to all combinations via a secure password protected web site (US only): To obtain access to this web site please click here to fill out and submit the form and the Targus Sales Rep in your area will contact you with further instructions
