

PA410S-25 | Targus DEFCON® SCL (Serialized Cable Lock) - Master Pack (25)

Not Available Direct - For Corporate Accounts Only

The Targus DEFCON® SCL (Serialized Cable Lock) is a serialized lock with a pre-set combination. This Targus laptop security product finally provides a computer security solution for complete asset protection. The Targus DEFCON Serialized Cable Lock (SCL) is 6.5 feet of cut-resistant, galvanized steel cable that loops around any secure object and easily attaches to your laptop computer's lock slot. Our DEFCON SCL features a pre-set combination lock in which your IT Manager has access to all combinations via a secure password protected web site. The DEFCON SCL is the first laptop computer security product to offer the benefits and convenience of a keyless security solution.

Similar to the PA410U, but serialized (has serial numbers on it) with a pre-set 4 digit combination and is sold in multiples of 25

IT Manager has access to all combinations via a secure password protected web site: **To obtain additional information and have a Targus Sales Rep in your area contact you, please click [here](#)** to fill out and submit the form and the Targus Sales Rep in your area will contact you with further instructions
