

FH1206

Next Generation WiFi Offers Lightning Wireless Speed Experience

Wireless AC1200 Dual-band Router

Tenda FH1206 is a high power dual-band WiFi router with 5th generation technology that wireless transmission speed up to 1200Mbps. Compatible with next generation WiFi devices and backward compatible with 802.11 a/b/g and n devices, it enables HD streaming throughout your home. With Simultaneous dual-band WiFi technology, FH1206 delivers high transmission speed up to 300+867Mbps, without interference, ensuring top wireless speed and reliable connection. FH1206 is equipped with high power amplifiers and 4x5dBi external antennas, providing extreme WiFi coverage and signal. This is ideal for all of your WiFi devices including PCs, televisions, game consoles and mobile devices to access to next generation WiFi throughout your home, backyard or office.

Gigabit WiFi Speed

5G WiFi technology brings a new level of combining speeds up to 900Mbps (5GHz)+300Mbps (2.4GHz), ideal for HD streaming and online gaming.

Up to 4x data carrying capacity

Energy Efficiency

Next Generation WiFi technology makes your device 6x more efficient than conventional wireless N products. So when your 11ac-compliant mobile devices connect to the router, it reduces power consumption, therefore, it's easy to prolong working time of your device without the loss of data transferring.

Dual Band Operation

Simultaneous dual-band technology can maximize transmission speed and help to avoid network interference, which can ensure stable and reliable wireless performance.

Specifications

Hardware Features	
Protocol	IEEE802.11a/b/g/n/ac
Interface	1 x 10/100Mbps Auto-negotiation WAN port 3 x 10/100Mbps Auto-negotiation LAN ports
Antennas	2x5dBi external antennas (5.0GHz); 2x high gain internal antennas(2.4GHz)
Button	1*WPS/RESET, WiFi Button
Power	Input: 100-240V—50/60Hz 0.3A Output: DC 12V==1.5A
Dimension (L*W*H)	153.2mm*153.2mm*40.04mm
LED	1*Power, 1*SYS, 1*WAN, 3*LAN, 1*5G, 1*2.4G, 1*WPS
Wireless Features	
Wireless Speed	2.4GHz: 300Mbps 5GHz: 867Mbps
Frequency	2.4GHz and 5GHz
Wireless Features	WiFi On/Off SSID Broadcast On/Off Frequency Selection: 2.4GHz、5GHz 2.4GHz Channel Selection: 1-13 5GHz Channel Selection: 149、153、157、161、165 Adjustable TX Power: high, medium, low
Wireless Security	Wireless MAC address filter WEP, WPA-PSK/WPA2-PSK、WPA/WPA2 encryptions Wireless Security On/Off WPS fast encryption

Software Features	
Internet Connection Type	PPPoE, Dynamic IP, Static IP
Working Mode	Wireless Router Mode Wireless AP Mode Universal Repeater Mode WISP Mode WDS Mode
DHCP Settings	DHCP Server Client List DHCP Reservation
Virtual Server	Port Forwarding DMZ Host UPnP
Security	Client Filter MAC Address Filter URL Filter Web Remote Control
VPN Passthru	Supported
More Features	Bandwidth Control Guest Network MAC Address Cloning Online Updating DDNS Traffic Statistics Backup & Restore configurations
Others	
Temperature	Working: 0°C -- 40°C; Storage: -40°C-- 70
Humidity	Working: 10% -- 90%RH Non-condensing Storage: 5% -- 90%RH Non-condensing
Factory Default	Login IP Address: 192.168.0.1 Login User Password: admin
Certification	CE FCC RoHS
Related Product	W900U Wireless AC1200 Dual-band USB Adapter AH1200 Wireless AC1200 High Powered Universal Range Extender
Package Contents	FH1206 Network cable, Power Adapter Quick Installation Guide, Resource CD
