

# HS-905BT

## Bluetooth Stereo Headset

Genius's new generation Bluetooth headset, HS-905BT, is a portable Bluetooth stereo headset in a clip-on design for mobile phone, iPad, tablet PC or music device. It features Bluetooth's Advanced Audio Distribution Profile which can stream songs from Bluetooth enabled mobile phones or music devices. Once paired with the headset, the phone or music device can be used to control song play. HS-905BT integrates high quality headphones, microphone, volume and call features you can use on your phone answering or ending a call and control music playback. With HS-905BT, you will never miss a call. When receiving a call on your Bluetooth enabled phone, you will hear a ring tone in your headset. You can then pick up the call from your headset and return to your music after ending the call. Contact your sales representative for more information about HS-905BT.
